THE 3 C'S OF SUCCESS

Communication

Communication is giving, receiving, or exchanging ideas, information, signals or messages through appropriate media, enabling individuals or groups to persuade, to seek information, to give information or to express emotions. Interdepartmental communication is a formal affair between different departments of the College.

Collaboration

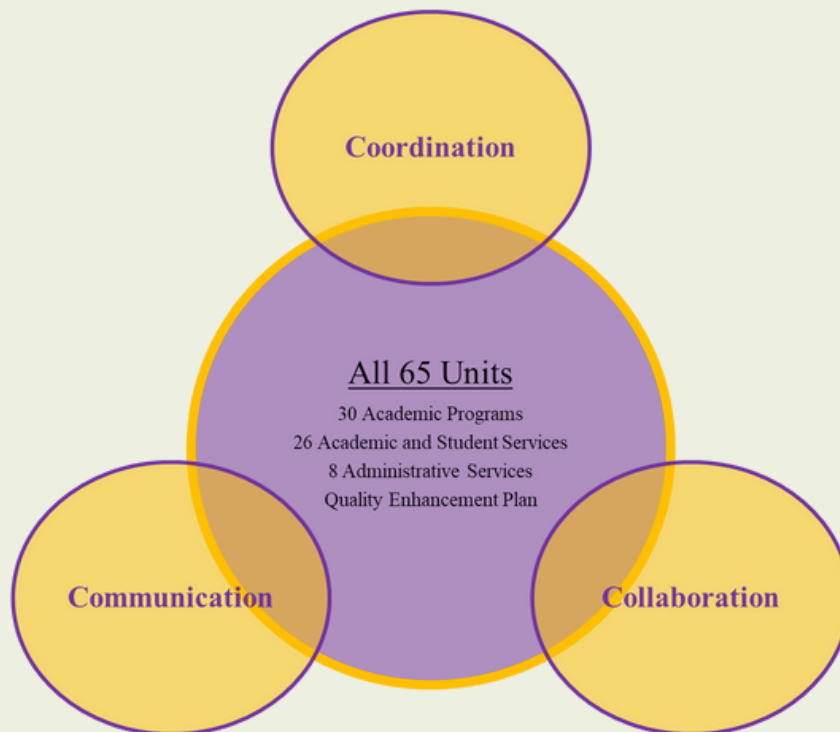

Collaboration is a working practice whereby individuals work together for a common purpose to achieve business benefit. Collaboration enables individuals to work together to achieve a defined and common business purpose.

Coordination

Coordination is, thus, "the process of linking the activities of various departments of the organization." Coordination is "the process of integrating the objectives and activities of the separate units, departments or functional areas) of an organization in order to achieve organizational goals efficiently."
