BIRMINGHAM, ALABAMA 35208

### The Office of Strategic Initiatives and Research

#### First Year Enrichment

Dear Milean,

*Congratulations! It's a great day at Miles!* You have made it to one of the most exhilarating experiences of your life...college! Your New Student Orientation will be held **August 4-6, 2016**. We are excited that you have chosen Miles College as your educational institution. College is a time for growth, change, and evolution for yourself and your family. During your first year at Miles, the First Year Enrichment (FYE) Program will be here to provide you with the resources and support you need to have a successful transition.

The FYE Program plans events throughout the academic year to support your learning experiences. We want you to be successful and engaged while attending Miles, and we will do everything we can to help keep you on the right track. You are a member of the graduating Class of 2020, and your First Year Enrichment motto is: *Miles + Vision = Your Future* and its definition means gradually gaining better vision with the addition of an education. Can you see your Future? We want to help you make the most out of this educational and enriching experience!

You are a member of the Class of 2020 “*Competitors*” Orientation which includes: the Golden Bears Football team, Golden Bears Golf team, and Golden Bears Volleyball team. Through your athletic agility and talent, Miles will help to display your abilities on the field, course, and court. You will participate in athletic arenas around the community, statewide, nationally, and globally! Your talents are what will help heighten the experiences of College life for not only yourself and your team, but for other students as well in addition to the Miles College Community.

At our campus, you will find a comprehensive array of student services at your fingertips; these include: Advising, Financial Aid, Admissions, and Tutoring. Our College practices our mantra of “*Culture, Class, and Civility*” and there are many opportunities for you as a student to join: various clubs, academic organizations, Greek and Non-Greek organizations, and athletics.

We also know that it is important for your parents, the institution, and you to work together so that this transition into higher education is a great experience. Furthermore, the First Year Enrichment Orientation Program is your first step in the adjustment to college life and topics you will encounter. We will see you and your parents/guardians on **August 4<sup>th</sup> at 9:00 a.m.** for the Parents/Guardians and Students’ General Session in Brown Hall Auditorium. If you have any questions, please contact the First Year Enrichment Program at 205-929-1890 for Charles E. Stallworth or 205-929-1141 for Yoruba Marshall. You may also reach us via email at [cstallworth@miles.edu](mailto:cstallworth@miles.edu) or [ymarshall@miles.edu](mailto:ymarshall@miles.edu).

Again, we welcome you as a member of the 2020 graduating class.

Sincerely,  
The First Year Enrichment Orientation Team
