

## Student Learning Outcomes (SLO) Committee

20 February 2012

Room 001, Taggart Hall

11:00 A.M.

### Committee Members Present:

Dr. Osman Bannaga (Presiding)  
Mr. James Bramlett  
Mrs. Yolanda Duff-Newsome  
Ms. Barbara Nunn  
Mrs. Genesis Player

### Excused Absences:

Dr. Calvin Brown  
Dr. Annette Mohan  
Dr. Sarah Johnson

Dr. Bannaga welcomed the committee members and the meeting was officially called to order.

### Dr. Bannaga addressed the following critical issues:

- President French is the leader in the process of reaffirmation of SACS accreditation
- President French expects each of us to work diligently in completing the task that is required of this committee
- The Sky Drive Link website is available for comments and recommendations SLO
- Mr. Bramlett was the only other individual who had made entry on Sky Drive link
- SLO assignments:
  - SLO # 1 Mr. Bramlett and Dr. Brown
  - SLO # 2 Ms. Nunn and Dr. Johnson
  - SLO # 3 Dr. Bannaga, Mrs. Duff-Newsome and Dr. Annette Mohan

Dr. Bannaga asked for the reading of the previous minutes (13 February 2012 - Ms. Nunn). Due to personal reasons Ms. Nunn asked to be relieved of the responsibility of recording minutes. The committee members recommended that Dr. Annette Mohan serve as the recorder of the SLO committee.

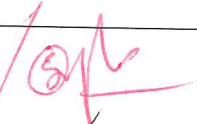

Mrs. Genesis Player shared the timeline regarding the QEP SLO. She indicated that many other colleges and university had longer time frames however, each of our committees are coming together well. Mrs. Player did indicate that we need to address the critical analysis / critical thinking component in one of the three SLOs. Mrs. Player did reference QEP SLOs other colleges and universities. She indicated it is important however, that we keep in mind the uniqueness of our own college. What may work for other institutions may not be durable for Miles. She thanked the committee for its commitment. As we embrace our topic "Enhancing Reading Through Metacognition" the culture of our reading will be impact: students, faculty, and staff.

The committee agreed the SLO #3 should address the student awareness and the critical thinking component.

The next meeting will be Monday, 27 February at 11:00 A.M. The meeting was adjourned at 11:45 P.M. *ok*

Dear colleagues:

First, this is a reminder of our regularly scheduled meeting to held on Monday February 20th, 2012, room 001 Taggart Hall, at 11:00 am.

Secondly, I hope you got a chance to input your work assignment into the link I provided you last week. I know Mr. Bramlett was successful in inputting some of his write up. Please remember to assign QEP at the top of your priorities for this semester.

Thirdly, please take a look at a few QEPs from some of the best practices (Ms. Player's list) because that will give you a good idea of how the information is presented.

Have a nice weekend. If you need me you can reach at 929-1529 or [obannaga@miles.edu](mailto:obannaga@miles.edu)
