

MILESTONES

Earn a Bachelor of Science Degree in Management or Criminal Justice in 18 months, taking one course a month.

The weekend classes in Management and Criminal Justice are structured to be completed in eighteen months, leading to a Bachelor of Science degree in either Management or Criminal Justice. Students take one course a month in four (4) consecutive weekends, for seven hours each weekend. Students learn and work individually and in teams within classes of ten to fifteen students. Additionally, an average of eight (8) hours, weekly, of reflective, out-of-class assignments are required. Students applying for admission to the weekend classes must have completed at least two years of previous college study (about 51 semester credit hours). Students with fewer credits may also apply for conditional admission. There is flexible enrollment (month to month or each semester). Financial aid is available to qualified students. Please visit our website (www.miles.edu) to apply for admission to the weekend classes. You may also call the office of Admissions at (205) 929-1656 for assistance.
